Project Description

According to the IADB, the general objective of this Technical Cooperation is to strengthen the institutional and technical capacities of PROINVERSION within the framework of the new PPP regulations. The specific objectives are: (i) to strengthen the technical capacities of the public actors involved in the life cycle of PPP projects through specialized training; and (ii) strengthen the digital governance of PPP projects through the implementation of institutional technological services that standardize processes, improve traceability and technical supervision and asset management.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
