Project Description

The general objective of this PSG is to expand the scope of the PN-L1143 program, focused on increasing the levels of learning and skills of students in the Panamanian public educational system in a way that is binding on the vulnerable migrant population and also the native population in host communities. . The specific objectives are: (i) to develop management tools for the education system based on disaggregated information to guide inclusive educational policy decisions envisaged as part of the digital transformation process of MEDUCA's information systems; (ii) integrate into the educational sector quality performance framework metrics and development objectives that are linked to the migrant population, their process of social integration, interaction in classrooms, and the process of linking to the public educational system; (iii) reinforce the comprehensive pedagogical support model, considering multicultural educational approaches in those schools with high participation of migrant and vulnerable native populations; and (iv) ensure adequate maintenance and school sanitary equipment in schools with a greater presence of vulnerable migrant and native populations, particularly reinforcing the tools for biosafety practices necessary for disease prevention.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
