Borrower	National Department of Science, Technology, and Innovation
Sectors	Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	\$ 30.00 million
Project Cost (USD)	\$ 45.00 million

Project Description

The program's general objective is to contribute to improved social inclusion and productivity by promoting investment in innovation and research. The specific objectives are to: (i) build the planning, execution, coordination, and evaluation capacity of the National Innovation System; (ii) build the innovation and research capacity of the productive sector in the priority areas of the Strategic Plan for Science, Technology, and Innovation; (iii) promote social innovation through greater involvement of excluded groups in the innovation process; and (iv) build innovation and research capacity in the social sector.

Investment Description

- Inter-American Development Bank (IADB)

The program will have a total cost of US\$45 million. Of that amount, US\$30 million will be financed by the Bank with Ordinary Capital resources, and US\$15 million will be the local counterpart contribution. The operation will be a specific investment loan with a disbursement period of five years.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
