Project Description

This Technical Cooperation will support the second Policy Reform Loan under the Panama Transportation and Logistics Sector Reform Program PN-L1110 (see Related Projects) and PN-L1119 (see Related Projects). The main objective of this program is to contribute to the improvement of Panama's logistic performance, through the reduction of regulatory and institutional restrictions that affect: (i) the Aggregate Value Logistic Services conglomerate; (ii) logistics to support the agricultural sector; And (iii) regional trade support logistics. Specific objectives include: (i) strengthening of the legal and regulatory framework; (ii) consolidation of the institutional framework for logistics and transportation; And (iii) strengthening of the multisectoral planning and trade facilitation system.

Investment Description

- Inter-American Development Bank (IADB)

The total Technical Cooperation budget will be US $500,000. The Bank, through the contribution of the Spanish General Fund (FGE), will finance US $400,000, and the Government of Panama will provide a local counterpart in kind for US $100,000.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
