Project Cost (USD)	$ 0.70 million

Project Description

The objective of this technical cooperation is to facilitate knowledge exchange in early childhood development home visiting programs. The specific objectives are: 1) increase knowledge on the design and implementation of home visiting programs for children between 0 and 4 years old; 2) identify best practices on home visiting programs for early childhood development , specifically the program "Reach Up and Learn"; 3) facilitate tools, instruments, knowledge and lessons learned from the implementation of "Reach Up and Learn" in order to develop an adaptation of the model for Panama's rural and indigenous communities.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
