Investment Type(s)	Grant
Investment Amount (USD)	$ 0.35 million

Support for the identification and execution of inclusion projects and improvement of the economic development of the transport sector in Panama

Project Description

The objective of this technical cooperation is to support Panama's transport sector in the consolidation of initiatives aligned with the country's strategy, in matters of inclusion and improvement of economic development, with a focus on innovation and technology, accessibility, road safety, resilience to disasters and climate change, and cultural relevance of infrastructure. Through the strengthening of strategic dialogues that contribute to (i) The National Logistics Strategy, to advance towards institutional re-engineering and digital transformation of the Maritime Port Authority (MPA); (ii) the promotion of sustainable alternatives for urban mobility, supporting ATTT and MI BUS in the development of electromobility studies for the implementation of new circuits to be included in the public transportation system; (iii) the management of road assets, to support the MOP in the planning of interventions in the road network, with the development of conceptual studies to identify priorities for interventions, efficient contract modalities, use of alternative materials and alternative sources of financing. In addition to providing support for the execution of Loan PN-L1147, in the areas of risk management and climate change, ethno-engineering and road safety.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
