Support to the Implementation of the Program to Support Gender Equality Policies - Phase II

Project Description

The objective of this technical cooperation (TC) is to support the Government of Panama for the fulfillment of the indicative conditions included in the Policy Matrix of the Program to Support Gender Equality Policies, for the second operation of a series of two programmatic operations (PBP). These actions are aimed at reducing gender inequality in Panama through the effective and timely implementation of policies that increase physical, economic autonomy of women and public policies for gender equality.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
