Project Description

The objective of this Technical Cooperation (TC) is to support the Government of Panama in advancing the closing of gender gaps and diverse populations. This will be done by strengthening the Ministry of Social Development (MIDES) and the Social Cabinet in their capacities to (i) capture and analyze data from a gender and diversity perspective and (ii) mainstream a differentiated approach in services and regulations aimed at diverse beneficiary populations, giving particular emphasis to women, indigenous peoples, Afro-descendants, people with disabilities and LGBTIQ+ people for equity in the provision of public services to said diverse populations.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
