## Project Description

According to the IDB, the objective of the project is to support the increase in coverage of homes with electrical service in Panama. Specific objectives: (i) support the execution of the Universal Energy Access Program in Panama, whose purpose is to support the improvement of the socioeconomic development of the rural population of Panama through the facilitation of the universalization of access to sustainable electrical service; (ii) support for the evaluation of the results of the Universal Energy Access Program in Panama.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
