Sectors	Education and Health, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.18 million
Project Cost (USD)	\$ 0.18 million

Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to strengthen the priority care lines at the primary level within the framework of the Coverage Extension Strategy (CES) in Panama, with the purpose of building technical and operational capacities to improve effective coverage, quality, and equity of services in rural and indigenous areas. Specifically, the TC aims to: (i) develop technical and operational inputs for the maternal and child care line, including strengthening nutrition monitoring in health facilities; and (ii) strengthen the care line for non-communicable chronic diseases (NCDs), incorporating the use of artificial intelligence for cervical cancer screening and follow-up.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
