Support school attendance and student retention in basic education in public institutions targetted by the extended school days program

Project Description

The project's general objective is to increase students' graduation rates in basic education in schools that benefit from the extended school day program, by increasing students' retention rates, and bringing back to school those who already dropped out. The specific objectives include: (i) provide, adapt or remodel spaces to implement artistic and technological educational programs to offer a comprehensive education package within the school day; (ii) develop and implement pedagogical innovations to support the extension of the school day in official schools; and (iii) develop and implement a strategy to ensure that overaged students receive relevant attention.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
