Support Extended School & Improved Transportation Conditions for Students Attending Rural Schools

Project Description

The project's general objective will be to improve the learning outcomes of students in the 1st and 2nd cycles of basic education in schools implementing the extended school day, and to implement a pilot offering transportation options for students attending official schools in rural areas. The specific objectives include: (i) developing and implementing pedagogic innovations that support extending the school day in official schools; (ii) supporting the development of schools' management autonomy and capacity, by making school management tools available in the administrative, pedagogic, organizational, and community spheres; (iii) showing results from the impact of these changes on learning outcomes; and (iv) producing documented evidence of the transportation needs of students in rural or sparsely populated zones, and performing a cost-benefit analysis of transportation options as intersectoral inputs for the education policy.

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
