Project Description

The general objective of the operation is to support the strengthening of public agricultural services in Paraguay. The specific objectives are: i) to develop technical, operational and institutional studies for the design, preparation, approval and initiation of the Project for the Improvement of Research, Innovation and Transfer of Agricultural Technology (PR-L1162); and ii) analyze aspects of the public institutionality of the system that may be affecting the development of the agricultural sector.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
