Borrower	Goverment of Paraguay
Sectors	Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.35 million
Project Cost (USD)	$ 0.35 million

Project Description

The objective of this TC is to support SENATUR in the preparation of feasibility studies and data collection to prepare public investment projects to increase and improve tourism destinations with emphasis on domestic tourism. Specifically, this TC will: i) facilitate the preparation of complementary studies of tourism demand and tourism destinations for domestic consumption; ii) prepare technical designs for the main infrastructure to be included in an investment project; and iii) collect complementary statistical data to tourism surveys for the domestic market.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
