Support for the expansion of continuous quality improvement in maternal and neonatal health in Paraguay

Project Description

Support the execution of 4872/OC-PR by consolidating quality management of maternal and child care processes with a focus on improving clinical care and strengthening monitoring capacity of quality to contribute to the reduction of maternal and neonatal mortality in Paraguay. The specific objectives are: (i) To implement institutional quality management by strengthening the leadership capacity of the MSPBS Quality Directorate and the empowerment of other MSPBS dependencies that are responsible for managing the provision of health services; (ii) Implement quality management at the health units level and local health networks by strengthening quality teams in their capacity for data analysis and timely decision-making for the reduction of maternal and neonatal mortality; and (iii) Advance the digitization of quality management through the use of data and visualization of results of care for strategic decision-making.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
