Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to provide technical assistance in the continued review and implementation of the roadmap for digital transformation in the health sector in Paraguay. The TC will support the following activities: (i) consolidation and scale up of data interoperability activities in the health sector; and (ii) systematization and communication of key efforts regarding digital transformation in health and updating and maintenance of the digital health roadmap. The main result of Component I is a greater level of preparedness for making patient data available from different information systems. The results of Component II actions include greater awareness and commitment regarding digital transformation in health deriving from written and audiovisual materials on successful experiences and renewed agreement on the path forward because of the revised roadmap.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
