Investment Amount (USD)	\$ 0.10 million
Project Cost (USD)	\$ 0.10 million

Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to support the Ministry of Industry and Commerce (MIC) of Paraguay in strengthening its capacity to improve the competitiveness of the national metallurgical industry. The specific objectives are: (i) to assess the Paraguayan metallurgical industry to identify gaps and best practices; (ii) to develop strategies and an action plan to promote the competitiveness of the industry; and (iii) to manage and disseminate the knowledge acquired to facilitate its promotion and future adoption.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
