Project Description

The objective of this Technical Cooperation (TC) is to strengthen the institutional framework of the National Pension System of Paraguay (SNJP) and provide operational support for the implementation of key reforms to improve the supervision and regulation of the pension system in Paraguay. The TC will focus on: (i) strengthening the regulatory and normative framework of the SNJP by supporting the development of regulations and guidelines to ensure the full operational capacity of the Social Security Council (CSS) as the governing body of the pension system; (ii) supporting the creation and operationalization of the Pension Superintendency (SP), ensuring its operational capacity to effectively supervise Pension and Retirement Entities (EJP) and apply appropriate prudential standards; and (iii) developing institutional capacities by providing the SP with risk-based supervision tools and methodologies to ensure the stability and sustainability of the SNJP.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
