Greening the Caribbean: Piloting an E-waste Circular Economy Model in
Saint Lucia

Quick Facts

Countries	St. Lucia
Financial Institutions	Inter-American Development Bank (IADB)
Status	Active
Bank Risk Rating	U
Voting Date	2025-03-24
Sectors	Climate and Environment
Investment Type(s)	Grant
Investment Amount (USD)	\$ 0.36 million
Grant Amount (USD)	\$ 0.36 million
Project Cost (USD)	\$ 0.78 million

Project Description

According to the IADB, the objective of the project is to pilot the first circular-economy Integrated E-Waste Management (IEWM) system in Saint Lucia capable of diverting recyclable e-waste at the source of waste generation, preventing co-mingling with general waste and therefore avoiding toxicants from leaching into the environment.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
