ShellCatch: Promoting Sustainable Fishing

Quick Facts

Countries	Chile, Mexico, Peru
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	C
Voting Date	2017-11-15
Borrower	Regional
Sectors	Agriculture and Forestry, Climate and Environment
Investment Type(s)	Loan
Investment Amount (USD)	\$ 1.50 million
Loan Amount (USD)	\$ 1.50 million
Project Cost (USD)	\$ 1.50 million

Project Description

The project will finance the development of an innovative traceability and market integration technology that will promote sustainable fishing practices in Peru, Mexico and Chile. The application of the new technology is expected to generate positive environmental benefits and improve the efficiency of the fishing value chain, leading to more income captured by small artisanal fishermen.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
