Buentrip Ventures Fund II: Driving growth and impact of technology startups in emerging ecosystems

Project Description

The objective of the project is to support BuenTrip Ventures II to increase the likelihood of growth and success of early-stage startups in Latin America (the process of testing market viability), particularly those in nascent or emerging ecosystems and from underrepresented contexts, providing them with access to seed capital, as well as knowledge/tools, strategic support and quality connections.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
