Sectors	Agriculture and Forestry, Climate and Environment
Investment Type(s)	Equity
Investment Amount (USD)	\$ 2.00 million
Project Cost (USD)	\$ 2.00 million

IADB-RG-Q0115

Beeflow: smart pollination for recovery green

#### **Project Description**

According to the IADB, the objective of the project is to support Beeflow in optimizing the pollination process, using a regenerative agriculture approach that promotes more diverse natural habitats and significantly increases the yields and quality of agricultural crops in a sustainable way, helping producers to produce more with less.

#### **ACCOUNTABILITY MECHANISM OF IADB**

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
