Early Warning System Project Analysis

The E&S risks associated with the potential portfolio are low to medium in nature and are primarily related to labor and working conditions. As such, the transaction has been categorized as FI-2 under the IDB's Environmental and Social Policy Framework, as some of the portfolio's investments are expected to have limited adverse E&S impacts. These impacts are few, site-specific, largely reversible, and easily addressed through mitigation measures.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
