Project Description

This project is part of a larger initiative through the organization One Drop, which aims to assist in water and sanitation in countries lacking in this area.

The funds will be used in 4 areas. The first is intended to fund assessments of access and cultural attitudes to water and sanitation services, construction improvements to 10 water sanitation systems, and training for water utilities. The second is intended to fund local arts groups and sanitation/hygiene education. The third is intended to fund technical assistance for financial institutions to increase capital investment in water and sanitation. The fourth is intended to fund "behavior change strategies" regarding water and sanitation.

ACCOUNTABILITY MECHANISM OF IADB:

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
