IADB-RG-T2961

Efficient and Sustainable Freight Logistics in Latin America and the Caribbean

Project Description

The objectives of the technical cooperation are: (i) to produce knowledge products (reports, toolkits, guidelines, datasets, tools) that support policy making decisions in the area of freight logistics; and (ii) to strengthen the Bank's capacity as a partner to countries in the region in the pursuit of a stronger logistics performance.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
