Sociodemographic statistics: A common approach for Central American
Integration System (SICA)

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Active
Bank Risk Rating	C
Voting Date	2017-09-19
Borrower	Regional
Sectors	Technical Cooperation
Investment Type(s)	Grant
Investment Amount (USD)	\$ 0.30 million
Grant Amount (USD)	\$ 0.30 million
Project Cost (USD)	\$ 0.30 million

Project Description

The objective of this technical cooperation is to support the countries of SICA develop and implement a common strategy to promote the production of basic sociodemographic statistics that are comparable across countries. The strategy would promote, among other things, the standarization of production processes and methodologies for household surveys and population census, plus a common model to improve the statistical use of civil registry data (vital statistics).

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
