Project Description

IDB: REFORM / MODERNIZATION OF THE STATE-FISCAL POLICY FOR SUSTAINABILITY AND GROWTH
"To develop a New Fiscal Digital Agenda to promote innovation and new technologies and digital platforms in the fiscal and financial area of the public sector on the countries of the region, including the use of data from the cloud, Big Data, Data Analytics, on-demand systems, among other technologies. It includes the identification of digital innovations and the development of applications, tools, tool kits, road maps, models and solutions in fiscal and public financial management, electronic invoicing, efficiency of public expenditure, reduction of tax evasion, public procurement, and systems of public investment."

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
