IADB-RG-T3045

Building Green Financial Instruments and Systems in LAC from the
Experience of China

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	C
Sectors	Finance
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.30 million
Project Cost (USD)	\$ 0.38 million

Project Description

The technical cooperation aims at supporting the institutional capacity of national development banks (NDBs) and financial market regulators of Latin America and the Caribbean (LAC) regarding the development of financial systems -regulation, capital markets, financial instrumentation and risk sharing mechanisms (guarantees and insurance markets) to promote green finance. It aims, in particular, to support LAC institutions in learning methodologies and policies developed by the Chinese government and financial institutions to promote green finance and to replicate similar initiatives.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
