Project Description

IDB: AGRICULTURE AND RURAL DEVELOPMENT-SUSTAINABLE AGRICULTURAL DEVELOPMENT
Strengthen the capacity of the IIC Financial Institutions segment (FLI) to provide technical assistance to support and leverage impacts of CSA projects financed by the RG-X1227 CSAF within Central America. The Contribution will allow the IIC to render bankable, innovative, climate-smart investments in Central America it might otherwise be unable to finance, while better ensuring these investments have the technical capacity and expertise to successfully implement CSA projects that reduce vulnerability to climate change, reduce greenhouse gases, conserve biodiversity, and increase sustainable agricultural productivity.

Investment Description

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
