IADB-RG-T3078

Accelerating NDC implementation. Unlocking clean buses in LAC

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	C
Sectors	Technical Cooperation
Investment Type(s)	Grant
Investment Amount (USD)	$ 1.20 million

Project Description

From the IDB: "The general objective of this Technical Cooperation (TC) is to improve public transportation in LAC cities through the replacement of diesel buses with low-carbon hybrid or electric alternatives. Its specific objectives are to reduce transportation operating costs, noise levels, local pollution (which also has health benefits), and greenhouse gas emissions, to increase the reliability and service quality of transit for women and men, and to develop a job market for clean technology."

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
