Project Description

The project aims to improve the capacity of education stakeholders to implement and mobilize evidence-based education policies oriented towards improving student learning in the region. To achieve this objective, this second phase of the New Leaders in Education project will continue to offer a portfolio of online courses for different audiences developed in phase I: education officials, the press and the non-for-profit sector, and a more general audience (teachers, directors, parents). It will also strengthen the engagement of the existing network of alumni.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
