| **Investment Type(s)** | Grant |
| **Investment Amount (USD)** | $ 5.90 million |
| **Project Cost (USD)** | $ 5.90 million |

## Project Description

According to the bank, the objective of this project is to reduce the financial, technical and institutional barriers which Geothermal Energy encounters in Dominica, Grenada, Saint Kitts & Nevis, Saint Lucia and Saint Vincent & Grenadines and to provide institutional strengthening and capacity building to the governments of these Small Island States and to the Caribbean Development Bank for Geothermal Energy development.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
