Investment Amount (USD)	$ 0.30 million
Grant Amount (USD)	$ 0.30 million
Project Cost (USD)	$ 0.30 million

Project Description

According to the Inter-American Development Bank, this project will ensure knowledge creation and dissemination of the water and sanitation challenges in Latin America and the Caribbean. The products will be used during the World Water Week Eye on Latin America and the Caribbean events. The four components of the projects are as follows:

1. Knowledge development: this component will finance the development of knowledge products, two technical notes, two policy brienfs and factsheets to inform discusses during the Eye meetings.
2. Client outreach: this component will promote the participation of key regional decision-makers at the Eye event.
3. Communication and dissemination: The goal of this component is to disseminate the Latin America and the Caribbean focus day information throughout the region.
4. Logistics: This component will finance the logistics of organising Eye on Latin America and the Caribbean and other side events and competitions.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
