Project Description

The main objective is to contribute to consolidate the advances in the region to implement the new standards of international transparency and tax information exchange (ETIIT), promoted by the Global Forum on Transparency and Exchange of Tax Information, and also to contribute to consolidate the mechanisms of taxation in the Digital Economy. It will also include the production of fiscal statistics together with OECD, CIAT and ECLAC, and its dissemination. This TC will also serve to give sustainability to the technical dialogue and coordination that the IDB has established with the Global Forum.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
