Project Description

According to the Inter-American Development Bank, the goal of this project is to reduce food loss and waste in Latin America and the Caribbean. To this end, the Bank will seek to promote innovative pilot projects, better public policies and the development of knowledge and skills on food loss and waste among public and private actors.

It will consist of two operations undertaken by contractors.

Investment Description

- Inter-American Development Bank (IADB)

Funding will come from ordinary bank capital.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
