## Project Description

According to the Inter-American Development Bank, the goal of this project is to foster sustainable economic growth and enhance competitiveness in Saint Lucia. The specific objects are as follows:

1. Clarify a competitiveness agenda for the country and increase consensus and focus on strategic interventions to promote private sector development
2. Strengthen the enabling environment for business development, trade and development
3. strengthen key institutions that facilitate competitiveness and innovation, in particular the National Competitiveness and Productivity Council and the Department of Innovation
4. Build capacity within the public sector on key aspects of competitiveness, innovation and productivity

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
