Advisory Services to the Private Sector for the Development of Sustainable Infrastructure

Project Description

According to the bank, the objective of these Advisory Services (AS) is to catalyze and unlock private sector financing in low-carbon and sustainable infrastructure investments in Brazil, Colombia, Mexico and Peru, addressing the need to support the design and development of bankable projects. The specific objectives of these AS are: (i) to develop feasibility studies for climate change mitigation for the sponsor´s projects; (ii) to evaluate and propose potential innovative financial, legal strategic or operational structures for transformational projects aiming at low carbon development.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
