Supporting climate and disaster risk assessment processes to foster resilient and sustainable develo

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Closed
Bank Risk Rating	C
Voting Date	2018-12-07
Borrower	IDB borrowing countries
Sectors	Climate and Environment, Technical Cooperation
Investment Type(s)	Grant
Investment Amount (USD)	$ 1.10 million
Project Cost (USD)	$ 1.50 million

Project Description

According to the bank, the objective of this Technical Cooperation (TC) is to contribute with the ongoing work IDBG is leading in the region towards the improvement of existing methods and tools for climate and disaster risk analysis and the identification of resilience opportunities in the identification, preparation and implementation phases of projects. The results and lessons learned from the execution of this TC will be instrumental in helping Bank's member countries make a transition towards a more effective upstream risk assessment and resilience process.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
