Country dialogues and program preparation for the UK Sustainable Infrastructure Program (UK SIP)

Project Description

According to the bank, the objective of the Technical Cooperation (TC) is to inform and develop the programming activities of the UK Sustainable Infrastructure Program (UK SIP). The UK SIP is new fund to be implemented by IDBG for the purpose of accelerating and enabling implementation of the Nationally Determined Contributions (NDCs) by supporting and catalyzing strategic private sector investments in sustainable low carbon infrastructure in Brazil, Colombia, Mexico and Peru.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
