Investment Amount (USD)	$ 1.20 million
Project Cost (USD)	$ 1.20 million

Integrated Watershed Management and Support for the Design and Operation of Water Infrastructure

Project Description

The objective of this TC is to advance and to contribute to the management and sustainable use of water in a multisectoral planning of water infrastructure, thus favoring the economic and social development of the region. In particular, this TC seeks to support beneficiary countries to improve the way in which water resources are used, managed especially in terms of sustainability, productivity and equity.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
