Support to the Process of Deep Integration of the North Triangle of Central America

Project Description

The objective of this technical cooperation is to support the implementation of the Honduras - Guatemala Customs Union and El Salvador 's accession process, through technical assistance in customs, tax and commercial facilitation matters for the integration and exploitation of trade in the North Triangle. Also, this technical cooperation will support the compliance of the Coordinated Border Management standards, the Central American Trade Facilitation Strategy and the guidelines of the Trade Facilitation Agreement of the WTO.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
