Project Cost (USD)	$ 0.35 million

Digital Revolution of Trade Processes: Adoption of National and Regional Maritime Single Windows

Project Description

The objective of this Technical Cooperation (TC) is to increase the adoption of digital solutions aimed at connecting and inter-connecting national and regional maritime transport stakeholders. To this end, the TC will support the implementation of National Maritime Single Windows (MSW) and initiate the development of a Caribbean Regional Maritime Single Window (RMSW) with the view to improve trade and transport facilitation in CCB countries.

Investment Description

- Inter-American Development Bank (IADB)

Ordinary Capital

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
