Borrower	IDB borrowing countries
Sectors	Industry and Trade, Law and Government, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.50 million
Project Cost (USD)	$ 0.50 million

Project Description

The objective of the technical cooperation is to support the countries of the Pacific Alliance to design effective strategies and programs to support the growth of women-led SMEs and promote their participation in intra-alliance trade and in regional value chains, through the generation of a comprehensive diagnostic study on the main barriers that hinder the participation of women entrepreneurs in foreign trade in all the AP countries, the design and implementation of innovative export training programs and business support resources to help women-led companies in strategic sectors to overcome these barriers, and the generation of knowledge and transfer of good practices in trade and gender that reverts to the operational practice of the AP countries.

Investment Description

- Inter-American Development Bank (IADB)

Regional Infrastructure Integration Mult

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
