Project Description

The Water and Sanitation Division (INE / WSA) of the IDB intends to accelerate the introduction of innovative solutions in the sector to generate intelligent and inclusive water and sanitation services that in turn contribute to improving sustainable management and the use of water services, water and sanitation for everyone. The objective of this initiative is to support operators of water and sanitation services in the design and implementation of tools that allow them to identify, incubate, test, implement and scale innovation solutions and products.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
