Project Description

Expand and adapt to four Latin American countries the Inserta labor intermediation model that develops a complete system of accompaniment of people with disabilities (PwD) and companies. The model develops: (i) diagnoses and analysis of socioeconomic, labor and legal contexts; (ii) Inserta Forum with companies and other strategic partners to raise awareness and implement labor inclusion actions; (iii) Labor Intermediation Model with a wide use of technologies for insertion processes and accompaniment to PwD and contracting companies; and (iv) measures to raise awareness about disability from the perspective of Human Rights.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
