| **Project Cost (USD)** | $ 0.50 million |

## Project Description

The main objective of this technical cooperation (TC) program is to contribute to public procurement strengthening in Latin America and the Caribbean by promoting the use of digital technologies, application of innovative mechanisms for contract design and management; and promotion of capacity building initiatives to maximize the buying power that governments have, both in service delivery and in their public expenditure area.

**Investment Description**

- Inter-American Development Bank (IADB)

Public Capacity Building Korea Fund

## Contact Information

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
