Strengthening the Entrepreneurship and Innovation Ecosystems in the OECS

#### **Project Description**

The objective of this Technical Cooperation (TC) is to strengthen the entrepreneurship and innovation ecosystems of six member states of the Organisation of Eastern Caribbean States (OECS) through the provision of technical support for incubation of high-potential startups, acceleration of high-growth and high-potential small and medium enterprises (SMEs), and promoting the adoption of digital financial technology solutions by firms of all sizes.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
