Investment Amount (USD)	$ 1.40 million

Project Description

The objective of this TC is to react quickly and with sufficient resources to ensure the Bank's standards in investment projects, reforms and special financing for development in the energy sector demanded by the countries to face the economic crisis produced by the COVID-19 virus; as well as to contribute with the countries to design financing mechanisms for the recovery of employment in the sector within a sustainable development framework, including the development of productive linkages.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
