## Project Description

According to IADB website, the objective of this Technical Cooperation (TC) proposal is to support Mesoamerican countries in the process of addressing the crisis resulting from COVID-19. In particular, it will support country efforts to re-open schools providing a safe environment for learning and reduce the impact of the COVID-19 pandemic on the re-enrollment of children and youth into school and providing support to vulnerable youth to limit learning losses during the crisis.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
