Project Description

The general objective of this TC is to support the growth and internationalization of women-owned or women-led SMEs as engines for economic reactivation and job creation in LAC. To achieve this, the TC will work on three complementary thematic axes: (i) develop capacities and productive improvements in companies to facilitate their integration into value chains; (ii) use and adoption of ICTs for the transformation and optimization of its business processes; and (iii) improve management and development of the financial structure of companies to facilitate their access to financing.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
